

FINAL GAP IN RED LINE CLOSED

HISTORIC DECISION of President Harry Truman to commit American armed forces to action in South Korea, and naval protection to Formosa and bolster Philippine and Indo-China defenses closed final gap in "Red-quarantine" line extending around Soviet-dominated world. Many facets of long-range, cold war strategy to oppose Red aggression wherever it threatened is shown on map.

Williams Fractures Elbow, Out For Most Of Season

BOSTON, July 12.—(AP)—Ted Williams, slugging Red Sox outfielder, suffered a fracture in his left elbow in yesterday's All Star game and will be lost to the team for most of the remainder of the season, the club physician said today.

RACE RESULTS

Table with race results including Free Race, Second Race, and Daily Double.

Mayor Still Recovering

Mayor Sid Parson is showing steady improvement, according to Deputy Mayor Sid Bowcott.

OLD COLONEL

FIRST—Lady Hey, Glendora Joe, Pagan Carol. SECOND—St. Leclair, Nor Love, Long Dan. THIRD—Lady Omba, Double by, Time Belle. FOURTH—Sagehen, Say Good, by, Time Belle. FIFTH—Pepper Pot, White Moss, Pagan.

WIFE-BEATING SITTER JAILED

FRESHFOLD, N.J., July 12.—(AP)—Theodore Smith, 32, and unemployed, began a six-month jail sentence yesterday on a disorderly person charge. His wife testified he beat her because she wouldn't play his baby-sitting fees while she went out to work.

UBC Student Breaks Jasper Course Record

JASPER PARK LODGE, July 12.—The amateur championship course record for the famous Totem Pole was broken here, set in 1945 by Gardner White of New York with a score of 68, was shattered yesterday afternoon by 20-year-old Peter Bentley, of Vancouver, who turned in a fully-attested score card of 67 strokes.

UN Asks For 3 Destroyers

OTTAWA, July 12.—(CP)—Prime Minister St. Laurent announced today that three Canadian destroyers are being turned over to the United Nations for service in Korea. "No time will be lost in having them sail to Korean waters," he said. He said the destroyers, due at Pearl Harbor this afternoon, will get orders to proceed to Korea, "just as soon as despatches can reach them," by radio.

A-Bomb Use Against Reds Demanded

WASHINGTON, July 12.—(UP)—Rep. Lloyd M. Benteen, Jr., D-Tex., proposed to a cheering house today that President Truman use atomic weapons to force the North Korean Communists. "I propose," Benteen said, "that our commander-in-chief, the president, advise the commander of North Korean forces to withdraw in one week or North Korean cities will be subject to atomic attack."

HEALTHY DOUBLE PLEASES PUNTERS

RICHMOND, B.C., July 12.—(UP)—Punters hit the highest daily double of 1950 at Lansdowne Park Tuesday when the double paid off at \$205.40.

Healthy Double PLEASES PUNTERS

NEW YORK, July 12.—(AP)—The stock market staggered under two new sellings waves today. Losses ranged from \$1 to \$4 a share for the market generally and in a few cases even more.

Today's Baseball

AMERICAN LEAGUE NATIONAL LEAGUE No games scheduled.

MOM AND POP PLAY THE RACES

WELL, if things don't look half bad today, Time was when I was meanish like bad because I couldn't get a winner. But lately I'm doing not too badly. Yesterday my Gifted Wand really came a-buzzing and there was nothing could come close so I'm \$240 richer. And so it's back today to two luck who bet on Maggie Valley, followed tomorrow with a bet on the double on the quinnella of Clinton and Shifty Jane. Should be wealthy on that one.

Late News Flashes

QUAKES REPORTED BOGOTA, Colombia, July 12.—(AP)—New quakes were reported today to have rocked already disastrous Colombian villages, adding 11 more persons to the death toll from last week's disastrous tremors. The newspaper El Siglo said seven persons were killed at Cucutilla and four at Arboleda.

Yanks Driven Further Back

From BHP and AP Despatches TOKYO, Thursday, July 13.—Communist forces poked by 60-ton tanks off which five-inch rockets bounced harmlessly threw American troops back across the Kum river on the approaches to Taejon today.

Reds Make Big Claims

The North Korean government radio broadcast a wholly unsubstantiated claim that Red forces surrounded an American infantry unit on the north bank of the Kum yesterday and killed more than 700 troops.

Expect All-Out Attack

Some Americans still may be fighting on the north bank of the Kum in that area, he said, but probably not more than delaying and paired actions.

ROUTERS HOLD RACE TOP SPOT

CALGARY, July 12.—Route runners will hold the spotlight at the Calgary Exhibition and Stampede race meeting Thursday with eight named to contest the about one and three-eighth mile "Informal."

TENNIS BODY ADMITS GERMANY AND JAPAN

LAUSANNE, Switzerland, July 12.—(UPI)—The International Tennis Federation today agreed to readmit Germany and Japan into the Federation.

## City's Cake And Float Prove Tops

Our cake proved 'em. The float too—with Miss Edmonton up.

Edmonton's float was given first place in the float section of the huge Calgary Stampede parade, and its display of friendliness went far to dispel the caustic feelings that sometimes crop up between the two cities.

That's the word from those who took in the big show which marked the start of the week-long jamboree in celebration of Calgary's 75th birthday.

The cake Edmonton baked for Calgary was an unqualified success. The 30,000 pieces were distributed to Stampede grandstand patrons inside of 40 minutes, with the aid of Edmonton Boy Band.

Assistant adjutant and quarter-master general at Western Command Headquarters in Edmonton, Lt. Col. George Weir, OBE, will attend the next course at the joint services staff college in the United Kingdom.

He will spend a month in Ottawa and sail to the United Kingdom on Aug. 18. Courses begin on Aug. 28.

Royal Canadian Navy headquarters announce arrangements have been made to forward mail to personnel serving in the three destroyers en route to Pearl Harbor.

Due to reach Hawaii this afternoon, the ships, Cayuga, Sioux and Athabasca, have been made available to the United Nations for employment in Korean waters.

Mail for the ship's companies should be addressed, rank or rating, name and official number, name of ship, c/o HMC Dockyard, Esquimaux, Victoria, B.C.

From this point the mail will be forwarded by naval authorities to the ships.

Executive members of the Canora Club last night agreed that the club should sponsor the Canora play.

This followed a general discussion of club members and mothers of children in the Canora district in Jasper Place at a meeting in the Canora School, 135 street and 105 avenue.

Mrs. E. Murphy, sports convenor of the club, presented club members with donations received from district parents recently.

The club is in the purchase of equipment and plans to purchase a playground, 135 street and 105 avenue.

To date the organization has spent a reasonable amount on baseball and various other sport equipment.

Chairman of the meeting was A. B. Barry, president of the Canora Club.

## New South Edmonton Drive-In Opens Soon

South Edmonton's new \$160,000 drive-in theatre will open within two weeks.

The theatre at 160 street and 135 avenue, said to be one of the most modern in Canada, will have accommodation for 500 cars, according to Norman McDonald, manager of the drive-in.

New feature will be moonlight lighting, which adds to the safety and comfort of patrons.

In order to bring this new type of lighting to theatre goers for the first time in Alberta, a special cedar pole 90 feet high had to be brought in from British Columbia.

Diffused, simulated moonlight lights are then erected on the top of the pole, Mr. McDonald said.

CABLE LAID

More than 50,000 feet of electric cable has been laid for connections to the "line" speakers.

A water cooling system is also being installed to keep the power lights which have to be used in projecting onto the 60 by 50 foot screen.

In the construction of the theatre, 20,000 feet of dirt was moved in order to build up the ramps. A fully modern gravelled highway leads from the road into the theatre.

I PROVED IT... YOU CAN TOO!

IT PAYS TO CHANGE TO

WOODPECKERS have nothing on Joe Marazzo when it comes to making noise.

Marazzo holds foreman's job on MacDonald Hotel addition steel erection, daily battles with rivet gun.

VETERAN heater Bob Knight, 5541-107 avenue, is old-time iron and steel worker. He's been toasting rivets for 40 years with few misadventures.

Not much on talk, he says "you just toots them."

CLIMBING steel is easy, says James Crowling, 10941A-127 street, steel worker for 11 years. He knows three different climbing techniques, each would make money jealous.

## Riveting Teams Have Stars But All Get Equal Pay

By Barney McKinley

Bulletin Staff Writer

The sidewalk superintendent's men-of-the-hour in Edmonton these days are the two riveting gangs working on the rising steel skeleton of the new MacDonald Hotel addition.

In fact, you might say they are riveting stars. In the glowing rivets go flying through the air.

But although the heater who toasts the rivets and the agile catcher come in for the big share of "applause," everybody in the four-man gang is equal—at a nice, neat \$1.60 an hour.

Newsday, in the best riveting

keeping right number of rivets in the fire "and let's not burn 'em up, eh?"

"The experts in the rivet toasting business differ as to best style. Some throw underneath, some over. Some one-handed and some two-handed."

The one-handers usually have a mark on one handle of the toasting tong to tell them when to release the rivet.

But whatever system he uses, the rivet toaster can work with accuracy up to 60 or even 80 feet.

Made To Last

MEMPHIS, Tenn.—(UPI)—H. H. Trull says his mother used a rivet machine bought in 1897 for \$25. The machine has never required repair.

The buck-up does just about everything the catcher can do except actually handle the hot rivets. Big part of the buck-up's time is spent holding a cup-shaped steel bar against rivet head while the driver shapes the other end.

The heater is responsible for

making hospitality easy

## BEVERLY BOOM ROLLING ALONG

Beverly's building "boom" is still going strong.

Julius Summers, town secretary-treasurer, today announced sale of building permits at the rate of four per week, up to \$20,000 weekly.

Since January, permits totalling \$700,000 have been issued.

At present, two largest projects underway are construction of a theatre and dance hall.

Opening of the dance and theatre is expected in October. Date of completion of theatre cannot yet be determined.

## U.K. Needs Engineers

Sign of new engineering opportunities in Great Britain are first courses in television engineering now being offered at University of Edinburgh, Dr. J. Cameron

Small, head of the faculty of engineering at Edinburgh, stated in an interview here Tuesday.

Opportunities for civil and electrical engineers are particularly good in Britain, he said. A vast electrification program in the Highlands with some 27 projects already underway and power developments in radar and other innovations have made engineering one of the most sought-after

careers in Britain today, he explained.

Tuesday, Dr. and Mrs. Small were guests at a luncheon at the University of Alberta.

## Provinces Want Money Unfrozen

### Natural Resources Funds Needed For School Loans

The Alberta government will spearhead an attempt by the three prairie provinces to have school land trust funds used for educational purposes.

Under the Transfer of Natural Resources Act of 1950, receipts from the sale of school lands in the province must be held in a trust fund invested in Dominion government bonds.

On the \$100,000 accruing from the sale of Alberta lands and invested in Dominion bonds, interest of four per cent was being received until early this month.

At the first of July the Dominion paid off the debenture, turning the trust fund over to the provinces, but retaining the provision that the money is to be reinvested in Dominion bonds.

INTEREST DOWN

Premier K. G. Manning said today that re-investment of the funds in Dominion bonds will be possible only at an interest rate of about 2 1/2 per cent. This will cut the province's income from the interest on the fund by about \$150,000 annually.

Under the circumstances, the Alberta government would suggest that the Dominion government should ease the restrictions on investment of these funds.

Mr. Manning said:

The money could then possibly be invested in school debentures or in some other way used directly to benefit education.

SUPPORT AT HAND

The premier said Saskatchewan authorities had already indicated willingness to cooperate with Alberta in seeking relaxation of the restrictions.

Manitoba government has also expected to co-operate. Amendment to existing federal legislation would be required to release the school lands for investment in securities other than Dominion government bonds.

OPEN EARLY

Officials said today the new employment office would be open from 9 a.m. to 5 p.m. Friday, Saturday, and Sunday in advance of the exhibition, as well as at the exhibition itself.

For the first time in exhibition history here NPS will have an employment office functioning right in its customary booth in the Manufacturers' Building.

The office will also be the hiring of extra help for the Royal American Shows which will be featured at the exhibition and will also provide part time help for exhibitors at the big fair.

THEIR BELIEF

They believe the service will prove a benefit both to exhibitors and to the public seeking extra help as well as to persons looking for employment opportunities.

SAME IN SOUTH

Establishment of the fairground employment office in Edmonton is also expected to coincide with NPS policy in Calgary where Stampede Week employment office has been set up annually for past four years.

This year it is estimated 1,500 persons were given jobs through the Calgary office.

The service here will be under management of F. I. Cameron, public relations officer for NPS.

Exhibition NPS phone number is 74612.

AVM C. R. Dunlop Off To Winnipeg

Air Vice-Marshal C. R. Dunlop, air officer commanding Northwest Division, left today by plane for Winnipeg, where he will receive a ceremonial parade at the RCMP station and inspect the tactical group headquarters.

Tomorrow, Dunlop will inspect the RCMP squadrons in summer training at Gimli, Man. He will also view a B-1 plane fly past.

# Soviet Agents Culled By Screening Board

By Richard K. O'Malley

GIENSS, Germany, July 12.—(AP)—Three men who sit in a little room near the outskirts of this West German city can see the difference between hope and despair for East Germans fleeing the Soviet zone.

They make up the screening board at the German refugee camp. The sharp-faced man looked at the youth.

The date on this letter is May 1944. You know that the attack on the Soviet zone was made in January and that it had already failed?

The youth wrinkled in embarrassment. From then on, the three, talking patiently and in calm voices, figured his story to shreds. They found he had been a message runner in the Russian command, and that he had been sent across the border.

Under the West German government, rejected border crossers are given railroad tickets back to the Soviet zone. Nobody makes them back across it, but they become subject to police scrutiny as they are found wandering without proper papers.

Refugees run as high as \$415 of 1,640 persons, as happened last April. Attempts to plant agents ran about \$6 to 10 per thousand.

LONDON.—(CP)—Children in the Russian Fulham district will be able to play late on dark evenings. The authorities are to spend £165 (\$131.50) floodlighting a playground.

Sometimes they run on to border crossers sent over by the East German Communists.

TYPICAL CASE  
A recent typical case was a young man who had been in the Soviet zone as a refugee and then returned to the Soviet zone.

He was a boy of 19 who insisted he had left East Germany because he was not a Communist.

A sharp-faced man with thick glasses read a letter, written in 1944, which the youth said he had received from his father. It told of a planned German attack across a river.

The father was then in the West.

# Retirement Ends 30-Yr. Career Of Oil Official

A 30-year career in the oil business of western Canada will come to an end when S. R. Stevens, manager of Imperial Oil Limited's crude oil department (western) retires on pension.

His work will be taken over by Charles C. Binet, manager of the crude oil purchasing division of the company's supply department, which will take over the western crude oil department.

Mr. Stevens joined Imperial Oil in 1919 and since has been sales manager in Saskatchewan, assistant manager for southern Alberta, manager for the province and market director in Northwest Territories and the northern section of British Columbia traversed by the Alaska Highway.

His successor was with Sarnia refinery for 10 years.

He served two years with U.S. navy and at time of discharge was attached to the U.S. petroleum corps, Pearl Harbor, as officer in charge of packaged petroleum supplies for armed forces in the Pacific Ocean area. He rejoined Imperial in 1946.

Mr. Stevens was filled in for Mr. Stevens during the illness that caused his retirement, has returned to Toronto as assistant manager of the supply department.

# Group Formed By Farm Hydro

RED DEER, July 12.—A central body to deal with power companies collectively was formed Friday, when some sixty delegates of the Rural Electrification Co-operative Association met in Red Deer.

Clyde Stauffer of Exeter, was elected president of the new group, with Henry Young of Millet named vice-president. Directors include: Ken S. McLaren, Bowden; M. D. Shields, Shaunessy; and C. I. Bayes, Medicine Creek. Albert Hansen of Skellyville was appointed secretary-treasurer.

Delegates felt the group could bring about better relations with Calgary Power Farm Electric Service Limited and the branches of the Provincial Government in regard to problems which confronted the Association, and could also be of help to the power companies in determining policy, construction methods and supervision. Executives of the association hope to meet shortly with representatives of the power companies to discuss mutual problems.

# Cool As A Cloud . . . LADIES' SWIM SUITS

Take to the water . . . in swim suits designed by leading Canadian and American designers. Guaranteed for fit and freedom of action by:

- "Jantex".
- "Rose Marie".
- "Pedigree".

Created in colors to play up to smooth, sun tanned skin.

At Woodward's, each

\$8.95 to \$22.50

Ladies' Swimwear, second floor

Ladies' Cool Summer Frocks

For summer comfort and becoming style select your summer frock from this fashionable selection.

• Your favorite fabric in a most becoming style to enhance your appearance, to bring your summer long comfort.

• Summer sheers, mesh, cottons, rayon and many more.

• Crisp, cool whites, a full range of pastel, printed and plain.

• Shirts and blouses, and flatter in juniors', misses' and women's models.

At Woodward's, each

\$8.95 to \$16.95

Ready-to-wear, second floor

# Let's Sew for Summer RAYON MESH

Sew yourself into a cool fashionable summer suit by "making your own" clothes.

- Good quality rayon mesh.
- Will drape well.
- Good plain and color.

Woodward Special, Yard

\$1.69

SHANTUNG

Shantung, the popular summer fabric that will give you service and smart appearance.

- A washable rayon fabric.
- Good, nobby, navy, red, blue, turquoise, black and white.
- 36" wide.

WOODWARD SPECIAL, YARD

98c

WOODWARD SPECIAL

SEERSUCKER

On hot summer days when you don't feel much like spending the day over a hot iron, seersucker will solve your problem with its cool, comfortable qualities.

- Plaid, checks and stripes.
- For practical summer wear.

WOODWARD SPECIAL, YARD

45c

Patented, third floor

# Favored for Summer MEN'S HATS

The men who favor these light weight summer hats for cool, comfortable wearing.

- Made from a fine genuine fur felt.
- Styled in the latest looks with narrow ribbon and bowing.
- For added protection the hat has an oil silk lining in crown.
- Popular summer shades.

Size 6 1/2 to 7 1/2.

AT WOODWARD'S, EACH

\$7.50

Men's Broadcloth Pyjamas

Favored for summer because they are so washable, so cool, so well made!

- Fine broadcloth.
- Styled with self trim collar and one breast pocket.
- Drawstring waistband.
- Smart, clean looking striped patterns.
- Blue, black and green.
- Size 36 to 44.

AT WOODWARD'S, PAIR

\$3.95

Men's Furnishings, first floor

EDMONTON BULLETIN, Wednesday, July 12, 1950

# Americans Build Closer Air Base

Mustangs Get More Time  
Over Combat Area In Korea

Charles Cordery, United Press aviation writer, has flown to the first air base in Korea. After spending several days at the main air base in Japan from which U.S. fighters and bombers take off to attack the North Korean Communists, he flew to Korea today for a closer look at the air offensive. Cordery is personally acquainted with high echelon officers in the air force and has made numerous flights in all types of military and commercial planes.

By CHARLES CORDERY  
Exclusive to The Bulletin  
U.S. AIR FORCE BASE, Korea, July 12.—(UPI)—I have just flown behind the Communist lines in a two-engine Piper Cub.

A high-ranking pilot whose name I cannot give flew the LeTiss plane, as the Cub is known in the Air Force, over the Chosun sector until North Korean 350mm mortar guns drove us away.

We saw the results of the terrific pounding our air force is giving North Korean armored columns.

We saw overturned trucks, other wrecked vehicles and burning buildings along a highway near Seoul, about 20 miles northwest of Taejeon.

Surviving are his wife, two daughters, Mrs. H. Foster of Dayton Creek, and Mrs. H. Holston of Northfield; three sons, Oliver and Albert of Police Court and Arthur of Dawson Creek.

We saw U.S. infantry marching forward in great column formation overtake their own armor, which was strung out along the highway around a bend from a ridge.

5 ments taking part in the Korean war since the 1950s.

The base at which Partridge landed already resembles a World War II combat operation. Its planes are F-84 Mustangs which take off from the dirt runway laden with rockets and fire bombs.

The advantage of this base is that it makes the fighters to operate over a much shorter range than from the main base in Japan. They have more time in the air over the combat area.

PLENTY OF TIME  
If assigned targets are covered by low clouds, they have more time to pick alternative targets of opportunity.

Our first mission was aborted because clouds hung so low in the hills that attempts to get under them failed.

But a few hours later they disappeared. As we flew low over the highways and railroads and through mountain passes, we could see South Korean workers in fields and gazing up at the plane as they plinked along roads with their axes.

The scene below was utterly new. South Korean workers in fields and gazing up at the plane as they plinked along roads with their axes.

What the communists call towns appear from the air to be a conglomerate of huts, some in a valley or against a mountainide.

Occasionally a plane appeared in the distance. But it always turned out to be an American plane.

The first Monday in November is the recognized date for the opening of the first hunting season in British Columbia.

## HAIR LOSS CLAIMS TRIPLE

July 12-(CP)—

Three times as many claims for hair damage in Alberta have been received to date, compared with the same period in 1949, J. Glen Elder, chairman of the Alberta Hair Insurance Board, reported.

There have been 230 claims for hair damage in Alberta against 71 at the same time last year. Mr. Elder said the claims were reported to 30,000 cases of crop in Alberta.

No cash estimate of the damage could be made because some crops would be "come back".

Currently the U.S. import tax is 10 and half cents a barrel.

50 PERCENT DROPPED

This is a reduction of 50 percent of the what tax used to be. Effective Jan. 1 1950 will be added at the ten and half cent rate only up to five percent of U.S. refinery throughput for the year 1950.

Any oil imported in excess of five percent will pay a tax of 21 cents a barrel.

This may mean quota adjustments for the main exporters to the U.S. which include Venezuela, the Netherlands, Saudi Arabia and Kuwait.

The Dominion Bureau of Statistics reported today the average weekly earnings in major non-agricultural industries at May 1 was \$44.96, up from \$44.88 at April 1 and \$43.13 at May 1 of last year.

Here are the year's comparisons by province:

Province	May 1, 1949	May 1, 1950
Alberta	40.71	38.19
British Columbia	38.51	38.19
Manitoba	40.71	38.19
Ontario	46.58	44.54
Quebec	43.51	44.54
Saskatchewan	46.02	44.54
Atlantic	46.16	44.54

## U.S. Exploration At All-Time High

By C. V. Myers

While new discoveries in Alberta, U.S. exploration is also hitting an all-time high and certain import tax restrictions will be lifted.

Oilmen in Alberta, where the potential now approaches the two-thirds of the entire needs of the central and Western United States.

The new tax when it comes into effect will have some influence on these prospects unless a kind of barrier agreement can be made.

Currently the U.S. import tax is 10 and half cents a barrel.

## Prices Slump On Oil Mart

CALGARY, July 12.—Price slumps on the Calgary Exchange continued as all issues continued to drop over yesterday's close.

Any oil imported in excess of five percent will pay a tax of 21 cents a barrel.

This may mean quota adjustments for the main exporters to the U.S. which include Venezuela, the Netherlands, Saudi Arabia and Kuwait.

## BRITISH-MADE MOVIES FACE DIM FUTURE

LONDON, July 12-(AP)—

British-made movies stepped up their output of pictures last year, but the future looks bleak for the British Film Producers' Association reported today.

In a annual report, the association said British studios shot 81 first feature movies in the 12 months ended March 31, compared with 71 the year before.

Several studios closed recently because they were run-in with the red, the association said.

This factor, plus "the economic circumstances" which film production generally found itself, must inevitably mean fewer British films for 1950-51, the report said.

## FINANCIAL BRIEFS

### First 1950 Freighter At Churchill On 28th

CHURCHILL, Man., (CP)—

Prices are as high. In a letter to the minister, the first of eight ocean freighters are scheduled to visit this Hudson Bay port during the 1950 season will arrive July 28.

The ships will move west from the terminal elevator here to British and European continental ports. Some 1,700,000 bushels of wheat will be loaded, and the end of the month it is expected that 2,500,000-bushel elevator will be filled.

Three of the arriving freighters will carry grain, including 150 automobiles, tractors and heavy industrial equipment. The remainder will arrive in bulk.

# Group Promotes Security Zones

## Swiss Group's Plan Offers Safety From Atomic Warfare

By Edmond Butler

GENEVA, July 12.—(AP)—A small group of Swiss are working to persuade governments to establish security zones for civilians as a protection against atomic bombs and other horrors expected if a third world war breaks out.

## JACOBY on Canasta

By OSWALD JACOBY

"We have had many friendly arguments," writes a San Francisco reader, "about the best way to play in a Canasta tournament. Some say that you must play defensively to prevent your opponents from running up a big score. Some say that you must play your regular game, just as though it wasn't a tournament. Others say that you must play aggressively, in the hope of pulling up a big score. Who is right?"

Perhaps I'd better start by explaining how tournaments are usually conducted. Then my answer will be clearer.

In a tournament you play against a different pair of opponents every half hour. When you finish at each table, both pairs must agree on the score. The lower score is subtracted from the higher score. The difference is carried forward as a plus score by the winning pair and as a minus score by the losing pair.

For example, suppose the Smiths score 3200 points while the Browns score 4000 points. The difference is 800 points. The Browns are given credit for plus 800. The Smiths have a score of minus 800.

It's important to notice that the Smiths don't get any credit at all for their 3200 points. A high score doesn't mean a thing if your opponents have even a higher score. At the end of the tournament, you add up all the scores that you made against the various opponents. For example, you might have minus 1200 on one round, plus 1100 on the second round, plus 2500 on the third round, plus 800 on the fourth round, and minus 200 on the fifth round. The sum of all this would be plus 3000.

A final score of plus 3000 probably wouldn't win a large tournament. Some other pair would probably have four or five good scores and come in with a score of more than 3000 points. You can sometimes lose one round and still get the highest score for the section, but you can't afford to lose more than one round. There's no rule about this, of course, but these are probabilities.

This helps us decide on a winning line of play. In general, you must play aggressively in the hope of pulling up a big score. At the same time, you must try to keep the opponents from scoring too much. It will do you no good to let them score as much as you do. During the first rounds, you should take any reasonable risk.

## Rebuilding Of London Still Far From Done

By ERNEST AGNEW

LONDON, July 12.—(AP)—Just 10 years ago the air raid sirens were wailing over Britain. The first of 50,000 bombs, not counting incendiaries, which German bombers dumped on London in 13 months fell on the clear moonlight night of July 11, 1941. It hit an open space, caused no damage, but that was only the beginning.

The war lasted five years and eight months. For 47 of those 68 months London was more or less under attack from the air.

From the dramatic moment at 11:30 a.m. Sunday, Sept. 3, 1939, when the first false alarm sent Londoners scurrying to air raid shelters, until March 26, 1945, when the sirens sounded for the last time—there were 1,227 air raid alerts in central London. When the war ended, 145,000 houses in metropolitan London alone had been demolished or made uninhabitable. Thousands of houses have been rebuilt, so have numbers of damaged buildings, but completion of an ambitious plan for full reconstruction of the capital will not come for at least 15 years, perhaps more. The country can't afford it.

Serious discussions about the rebuilding of the city started in 1942. By 1943, two plans had been drawn up by Professor Sir Abercrombie, 65-year-old professor of town and country planning at the University of London.

### AREAS PLANNED

They covered:  
1. The rebuilding of Greater London—the whole mass of built-up streets, including the outer suburbs.  
2. Metropolitan London, or the administrative county of London, the inner area.  
3. The City proper, the square mile that encloses the Bank of England, the financial district and the lord mayor's headquarters.

London county council says by mid-1963 it either will have rebuilt, repaired or completely replaced all the 145,000 houses destroyed or damaged in the metropolitan boroughs of Westminster, Holborn, St. Pancras, Islington and Wandsworth.

But docks still line the Thames and no tunnels have been dug under it. And few of London's many squares have been redesigned in accordance with the plan.

"Give us 50 years," says a planning official. "Even London can't be rebuilt in a day."

## STOLEN LOVE COMES HIGH

MULL, Que., July 12.—(CP)—At 8:17 a.m., romance came high for Laurier Blais, 26, of nearby Gattineau Mills.

Judge Victor Chabot yesterday fined him \$27 and ordered him to post a peace bond of \$100 for keeping his former girl friend, Dolores Lalonde, 31, against her will. As he kissed her, the charge said, Blais held the girl by the throat.

## Life Lingers Longer If Mom Is Little Younger

By ALTON L. BLAKESLEE

LIEKE, Belgium, July 12.—(AP)—The younger your mother was when you were born, the longer you may expect to live, a new study shows.

If she was 20 or 25, you may get 10 to 15 years more of life than if she was 40.

It does not make any difference

how old your father was.

This peculiar effect of a mother's age on her children's length of life was reported today by Dr. Ieva Talantini, professor of physiology at the University of Helsinki, Finland, in the first conference of gerontology—the study of aging.

BIRTH, DEATH RECORDS

Dr. Jalavisto studied the birth

and death records of 15,000 Swedish and Finnish men and women born between the years of 1860 and 1880. A child born when the mother was 24 or younger lived an average of six or seven years longer than a child born to a woman of 40 or more, she said.

The mother's youth gave the child an extra seven years of life on the average. But it made no difference whether the father was 20 or 30 or older when the child was born.

The average life span at that time was about 43 years for girls and slightly less for boys. Today the average life span is much higher.

EDMONTON BULLETIN, Wednesday, July 12, 1950 7

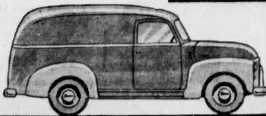

## Irma Resident Dies

IRMA, July 12.—Funeral for Mrs. W. Whitebeck, who died unexpectedly at her home in Irma Saturday, was held at the United Church yesterday afternoon at 2:30, Rev. Foster officiating.

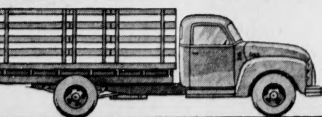

Surviving are one daughter at Irma, a daughter in Vancouver and one son at Loughheed.

Mrs. Whitebeck was an oldtimer of Loughheed district and had moved to Irma nearly four years ago.

# GIVES MORE CHOICE FOR ANY LOAD ON ANY ROAD!

## A MODEL

## AND CAPACITY

## FOR EVERY NEED

For your loads, your roads, your operating conditions, the right truck is one of GMC's many different models. Haulage costs are cut to a minimum when you have exactly the right truck for the job. That's why GMC offers more load ranges, more engines, more wheelbases, more axle designs and more gear ratios. Tell your GMC dealer what the job is and he will show you how GMC builds a truck for the job, providing maximum efficiency, lowest operating costs, longest life. See your GMC dealer today!

New and more powerful engines in every model • Eight gasoline engines ranging from 92 to 200 maximum gross horsepower • Two GM Diesel engines—4 and 6 cylinder with 133 and 200 maximum gross horsepower respectively • Plus diaphragm clutches • Recirculating ball steering • Hydraulic brakes, with optional air brakes on heavy-duty models • Conventional and Cab-Over-Engine design • Wheelbases for all needs throughout the broad model range • TWO NEW TANDEM AXLE MODELS 4 x 6.

A GENERAL MOTORS VALUE

GMC-310

"Every day more people say CANADA DRY please!"

It's DRY... that's why!

FRANKFURT, Germany, July 12.—(AP)—Comments of East Ger-  
many have approached the "Brud-  
erschait" — the semi-secret organiza-  
tion of former German officers in the  
west-looking for experienced  
soldiers to run their "People's  
Police" army, informed German  
sources said tonight.

The German sources, who can-  
not be identified by name, said the  
Communist approach had been  
"secretly rejected" by the Brud-  
erschait.

Italian Reds  
Given Warning

ROME, July 12.—(AP)—Premier  
Aldo Giuseppe warned Com-  
munist last night that his govern-  
ment is ready to smash any fifth-  
columnist attempt in Italy.

"The government at any cost, at  
any price and at any sacrifice will  
have the strength to do it," the  
Christian Democratic premier said  
during a stormy chamber of de-  
bates on the Korean war.

London Strikers  
Reach Agreement

LONDON, Ont. July 12.—(CP)—  
More than 400 employees of Em-  
pire Brass Manufacturing Com-  
pany who have been on strike for  
eight weeks returned to their jobs  
today.

Terms of an agreement include a  
10-cent increase in hourly wages  
for daily workers, also cents an  
hour for piece workers and reduc-  
tion of the work week from 48 1/2  
to 46 hours.

The committee, an unofficial  
body, in a report said that pri-  
vate ministers, foreign secretaries  
and chief of staff of the Western  
powers, was said to have proposed  
using the atomic bomb after de-  
claring that it was an immediate end  
to the North Korean or any other  
aggression.

The four British members Lord  
Vassall, Lord Brabazon of Tara,  
and Martin Lindsay and Ernest  
Marples, both Conservative mem-  
bers of parliament, announced  
their resignations in a joint letter  
to The Times today.

After Six Years  
LOS ANGELES, July 12.—(Reuters)—  
The United States today sent a  
Japanese ambassador to Japan for  
the murder of two Australian air-  
men in 1944, Dutch New Guinea, in  
1945.

By Bob Thomas  
HOLLYWOOD.—(AP)—Jerry Colonna, the man with  
the monstrous moustache, is the latest to get into television.

The comic is shaping up his own  
show for the fall. That should help  
enrich the coming season, which  
promises to be the most competi-  
tive in the young industry's history.  
Such stars as Fred Allen, Eddie  
Cantor and Gracie Hays have  
been mentioned as probable  
starts in the TV field.

Colonna served his professional  
life with his old sidekick, Bob  
Hope, two years ago and has been  
doing mostly theatre dates since.  
The split was a friendly one.

NOTES 'N' STUFF  
Jimmy Cagney says "A Lion in  
the Streets" will be his next  
picture. This is in spite of the fact  
that it has the same story line  
theme of the prize-winning "All  
The King's Men." Jimmy goes to  
his home at Martha's Vineyard in  
New England after he finishes his  
handling in "The West Point Story."  
He'll stay there until called to  
wrestle with "Lion."

Burt Lancaster will take to the  
road to exploit his latest picture.  
Unlike some stars who merely say  
"hello" on such trips, Burt will go  
all-out. He'll even perform his acro-  
batic on city hall flagpoles, if ne-  
cessary, he says.

Nominated for the least-impor-  
tant film of the year: "Texas  
Ranger City."

Steel Workers  
Win Agreement

MONTREAL, July 12.—(CP)—  
The United Steelworkers of Amer-  
ica (CIO-CIO) and General Steel-  
workers Limited have concluded a  
collective labor agreement cov-  
ering approximately 2,000 workers in  
company plants here, at Toronto  
and London.

This was announced yesterday  
by the international representative,  
Raymond Lapointe.

Lawyer Dies  
CALGARY, July 12.—(CP)—Wm.  
Ivan H. McLeary, C.D., prominent  
Calgary lawyer, died suddenly in  
hospital last night following a brief  
illness. He had practiced law in  
Alberta since 1906.

Comeback Starts  
For 'Aunt Mag'Vaudeville Star Of Twenties  
Is Aunt Of Margaret Whiting

By Virginia MacPherson

HOLLYWOOD, July 12.—(UP)—Margaret Young,  
vaudeville headliner in the  
twenties, said today she's  
making a comeback because  
"I can still sing like a song-  
bird."

She's not kidding, either. Give her  
a couple of minutes to click and  
she'll be giving that  
famous niece of hers plenty of com-  
petition.

The niece's name? On a gal sing-  
er called Margaret Whiting. Nice  
little voice just a top female voca-  
list, that's all.

"Margaret's never stopped talk-  
ing about my comeback," Aunt  
Mag said. "But when I finally  
started working on it two months  
ago I got so nervous I lied all  
over. Had to go to a doctor. I  
threw up."

Mag Young, who's a plump  
with bright blue eyes and red  
curly hair, said she was afraid of  
the "bepo." "I was afraid I'd think I  
was just an old cornball," she grinned.

But "Aunt Mag" did her stuff  
at a benefit show a few nights  
back and laid the young squirts in  
the audience. And right away she  
stopped hiccuping.

"I just stood up there," she  
chuckled, "gave 'em one quick  
glimpse, and hollered: 'You ain't seen  
nothing yet!' and I had 'em."

"Can you shake your hips and wave  
your hands with that thing up as  
easy?"

"Within about two feet away they  
are sticking dishes to get ready  
for the commercial. To heck with  
the show. They just to sell the  
product. But they sure can issue  
up an ad. Make me hungry, too."

"Aunt Mag" says she's in this  
comeback whirl "just for kicks."  
"My big years were 1918 to 1920,"  
she said. "Now I just want a job  
that's let me sleep till noon."

"I may not be rich, but I've out-  
shined the world. I've discovered  
the money I get in the morning  
isn't any better than the money you  
get in the afternoon."

'Union Now' Advocate  
Urges Congress Action

SOUTH HADLEY, Mass., July  
12.—(AP)—Editor Clarence Street  
said last night that to "halt the  
Kremlin" the United States Con-  
gress should move swiftly to join  
with Canada in a call for an Atlan-  
tic federal convention.

Street told the Mount Holyoke  
College Institute on the United  
Nations.

"If we are to halt the Kremlin  
the only safe course is for congress  
to pass the Atlantic Union resolu-  
tion before it adjourns this com-  
mon. Canada has given the lead."

Street apparently referred to an  
Atlantic Union resolution which  
the Canadian Senate endorsed  
shortly before promulgation last  
month. It urged the calling of a  
convention of Atlantic Pact dele-  
gates to probe how far principles of

federal union could be applied  
among their peoples.  
Alliance "STOP-GAP"  
"Our choice is not between the  
UN and Atlantic Union. Since we  
must strengthen the UN by closer  
agreement, we will strengthen it  
enough to prevent World War III."

But he said the Marshall Plan  
is only "another stop-gap" and the  
Atlantic Alliance "another pull-the-  
punch thing."

Of the 2,000,000 inhabitants of  
Haiti, all but about 500 are mostly  
negroes or mulattoes.

## U.S. Wheat, Corn Crop Estimates Show Decrease

WASHINGTON, July 12.—(AP)—The United States agriculture department today forecast this year's wheat crop at 868,500,000 bushels. The corn crop was estimated at 3,175,000,000 bushels.

This was the first forecast for corn. It compared with last year's crop of 3,277,700,000 bushels, the third largest of record, and with the 10-year (1949-58) average of 2,900,300,000. The government's corn goal for this year was set at 2,607,000,000 bushels.

The wheat estimate is 12,072,000 bushels more than the 944,512,000 forecast a month ago. It compares with last year's crop of 1,146,460,000 bushels and the 10-year average of 1,001,312,000.

Both corn and wheat are being grown under government acreage allotment programs designed to hold corn production down to about 2,500,000,000 bushels and wheat to about 1,000,000,000. Large reserves have been accumulated from last year's crops.

### Rites Given for Barrhead Youth

BARRHEAD, July 12.—Funeral service was held recently for John Desmond McPherson, 19, who died June 20 in Barrhead Hospital.

Desmond was born in Edmonton, April 9, 1939. At the age of 13 he had his honor diploma in grade nine and later attended the S. A. College, North Edmonton. He finished high school at 16 in Gadsby. While in college and school he took an active part in sports and music.

Besides his parents, he is survived by a twin sister, Maurine; sisters Audrey and Alice and one brother, Allan.

Interment was in Barrhead cemetery, Rev. F. Polster officiating.

### Writer Found Dead

HALIFAX, N.S., July 12.—(AP)—Lawrence Morris Markey, 51, author and former newspaper man, was found dead of a gunshot wound at his home here yesterday.

From 1925 to 1933 Markey was on the staff of the magazine The New Yorker.

### Storm Kills Four

ROSEM, July 12.—(Reuters)—A freak storm which swept northern Italy yesterday killed four persons, injured about 20 others, and flattened crops.

### Portuguese Troops Hold Exercises

LISBON, Portugal, July 12.—(Reuters)—Ten thousand Portuguese troops took part yesterday in land-air defense exercises. The exercises are under the command of Gen. Miguel Sousa Coutinho, military governor of Lisbon.

### Sentences Of Jap Officers Commuted

TOKYO, July 12.—(AP)—Gen. MacArthur yesterday commuted death sentences of seven Japanese army officers to life in prison at least labor.

They are three generals, two colonels, a captain and a lieutenant all convicted of the 1945 beheading of captured American airmen on Kyushu.

### Bubonic Plague Hits China Province

HONG KONG, July 12.—(AP)—Bubonic plague has struck the south China province of Fukien, threatening its 12,000,000 population.

Hong Kong officials said yesterday Chinese Communists are rushing vaccine and medical workers to the Fukien port city of Amoy.

## Chemists Working Overtime To Create Wrinkle-less Suit

By Barbara Bundschu  
Exclusive to the Bulletin

NEW YORK, July 12.—(UP)—Fellow wrote in "the other day to ask if he could buy a suit that wouldn't get one single wrinkle on a day like this.

Not if you want to sit down, Bub. Not if you like a crease in your pants.

But the chemists have got in there and souped up the textiles so that things are pretty good anyway.

"If he has the patience to hang up his clothes at night," one suit-maker pointed out, "the wrinkles will come out by themselves."

With that kind of patience in fact, most of the cool rayon and cotton and rayon suits on the mar-

ket today can look neat every morning for a week without pressing.

**NOW BIG BUSINESS**

Chemical fabric treatments for wrinkle-resistance, as well as shrink-proofing, moth-proofing, water and fire resistance and all the other procs, have boomed into a tremendous business since the war.

Rayon suitings about as naturally wrinkle-resistant as tissue paper

are being treated to shin wrinkles as well as fine worsted wool, the most resilient natural fibre known.

Textile men don't expect they'll ever get much better than that and still be wearable.

**TESTED BY ANGLES**

Scientists test it by angles. A perfect rating of 180 degrees (the number in a half circle) means that a fabric creased under a 1½ pound weight for five minutes increases itself to perfect flatness in five minutes after the weight is removed. No clothing fabric does that.

Worsteds test around 150. A rating of 100 is considered good.

Unstreated cotton and rayon fabrics test at 70 to 80, which is pretty

## Vampire Jet Still Best Among Fighter Aircraft

By STANLEY BURKE  
Bulletin Staff Writer

GIMLI, Man., July 11.—The jet is still the queen of the air—and the Vampire is still the queen of the jets.

That's the opinion of the pilots of the RCAF reserve fighter squadron here at summer camp at Gimli. They discount stories which have recently come from Korea stating the jet fighter is too fast for ground strafing or to attack propeller driven aircraft.

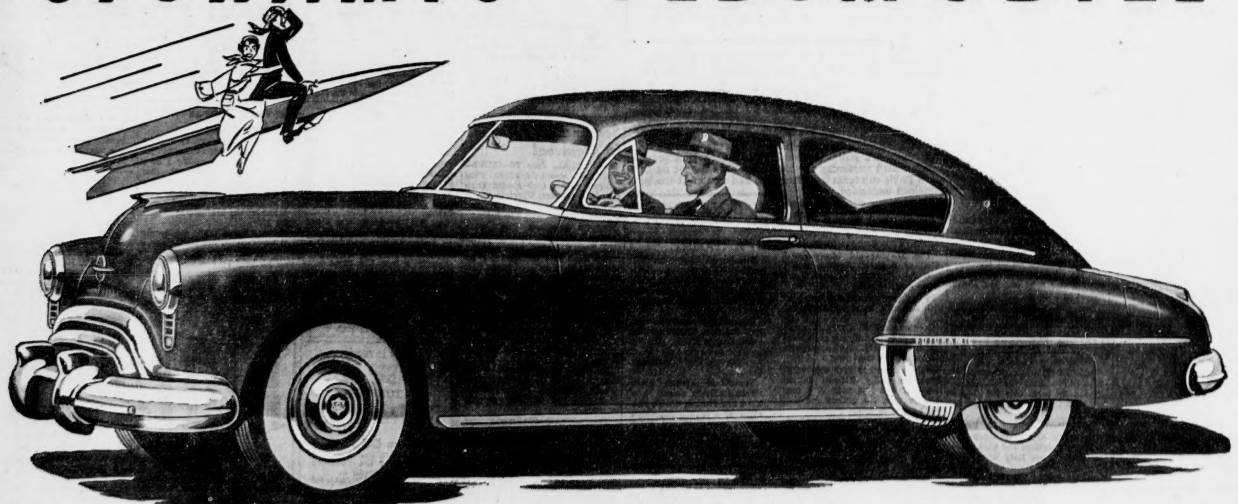

"The jet is a highly versatile aircraft," said Wing Cmdr. Geoff Northcott, commanding officer of Vancouver's 442 Reserve Squadron.

"As everyone knows they have tremendous speed, but they'll also slow right down. On the other

### Strike Ended

TEL AVIV, Israel, July 12.—(Reuters)—Israel's striking nurses returned to work yesterday following an agreement reached Monday night, with union executives. More than 2,000 participated.

# ROCKET AHEAD WITH A FUTURAMIC OLDSMOBILE

Up . . . up . . . up goes Oldsmobile in public acclaim! Without question, it's the car of the year. Ever since Oldsmobile introduced Futuramic Styling, it has been a popular car. Today, it's far more than that! It's a standout car—a standout in performance—in popularity in pride-earning prestige! Come in today for a quick look at Oldsmobile's ship-shape smartness and you'll stay for a

long and delighted examination of feature after feature contributing to Oldsmobile's comfort, performance, safety, durability and style. Then you'll want to . . . Rocket ahead with a Futuramic Oldsmobile!

Famous GM Hydra-Matic Drive — Hydra-Matic is optional at extra cost on all Oldsmobile '76" models. New Whirlaway Hydra-Matic is standard equipment on the sensational Rocket-engined Olds "88".

## DUE TO RAIN

### Small Crowd

#### Attends

## Calgary Races

CALGARY, July 12—(CP)—They ran true to form at Victoria Park on Tuesday for the second day in succession as the Stampede race meeting continued before one of the smallest crowds ever to attend a meet during Calgary's big week.

A driving rain and slippery track kept majority of the punters at home, and only \$46,000 went through the mutuels. This was a big drop from the corresponding day last year when the mutual take was approximately \$70,000.

Public choices got down in front in every race. Fifth and feature race, "The Boots and Saddles," at about 10:30 a.m. was taken by F. M. Clark's speedy Turk, who appeared to like the hot going and had little trouble in romping to a six-length win.

The daily double was worth \$17.10 and the quintella \$11.80. Presiding steward and racing secretary George W. Schilling handed out the first line of the meet when he assessed Jockey Wayne Sisson \$20 for "one bad" horse on the inside of him while aboard Protean in the fourth race.

## A.L. Cocky After Loss

CHICAGO, July 12—(AP)—You would have thought the American League had won. They were still a cocky, lusting dressing room after losing the All-Star game to the National League. That is all except the Yankee Clipper, Joe DiMaggio, who hit into a double-play to end the game in the 14th.

"They wanted me to swing and I did," said Joe, sitting stone dead and dejectedly in front of his locker. "Blackwell [pitcher] served up a slow curve. I went for it and just didn't bite into it enough, that's all. I don't feel so good about it."

Art Houtteman said Ralph Kiner's four-bagger off the bat in the ninth, which tied the score 3-3, was tagged on a fast ball. Ted Gray described his home-run pitch to St. Louis' Reg Schoendienst in the 14th—the blow that brought the Nats their fifth victory in 27 All-Star classics—as a "low, fast one."

The New York Yankee, Casey Stengel, said he wanted "a cocky" but as his pinch-hitter scored, he said as things warmed up, he was pretty well hammering in trying to find a place to insert them."

## SPORTS MENU

**BASEBALL**  
8:30 p.m.: Kansas benefit, Edmonton vs. Dodgers, regular. Big Four: Kansas, Montreal, Pittsburgh and St. Louis.

**BASEBALL**  
7:00 p.m.: South Side vs. Montreal (League), Pittsburgh vs. Dodgers, about 10:30.

**BASEBALL**  
8:30 p.m.: Gates vs. Pittsburgh, Inland Empire vs. San Francisco, South Side vs. Athletics, regular.

**GOLF**  
Edmonton Ladies Golf Association tournament at Mayfair Country Club.

## Game Postponed

The Big Four intercity baseball league game between Calgary Buffaloes and Purdy 86 scheduled for last night, was postponed due to wet grounds.

## FAN FARE

A 6000 capacity crowd was expected to attend the game between the Calgary Buffaloes and the Edmonton Oilers at the Stampede grounds.

## Italian Fencers Defend Crown

MONTREAL, France, July 12—(AP)—Italy successfully defended its team title for folic in world fencing championships last night.

In a final series with France, Italy could only draw. Each team won eight matches and each scored 40 touches, but Italy was judged the winner because of its better performance in the final round of the matches.

France placed second, Egypt third and Belgium fourth.

## DAILY DOUBLE AT LANSDOVE PAYS \$205.45

LANSDOVE, July 12—(CP)—Lansdove Park's daily double yesterday paid \$205.45, largest of the current horse racing season here.

Sugar, winner in the first race, combined with Curly E, second race winner, to make the payoff.

Bonnie Tod won the first race of her career in the third and paid \$125 to win.

Eddie B, who established himself as the best two-year-old horse running at Lansdove when he smashed the track record for 4½ furlongs in the fourth.

Speed Kermida's Son of Vandyke ran in the distance in \$2.4 seconds, one-fifth of a second faster than the male led by Duke of Bruso July 3, 1967.

By Wall Dizen

HEAD ON collision is in store for Jean Spangler, left, headlocked by Carol Cook, and Nell Stewart, manhandled by Ellen Olsen, in last night's rasmal at the Stock Pavilion. Misses Olsen and Cook won the Australian Tag match minutes later.

## Flexible Females Fight As Rasslin' Carnival Ends

By Bart Gibb

Some 3,000 wrestling fans squeezed their way into the Stock Pavilion last night to get a glimpse of four flexible females, all in the ring at the same time.

And their shouts nearly brought the house down when Ellen Olsen pinned Nell Stewart to the mat for the deciding fall in the Australian Tag match.

Miss Stewart, a beautiful blonde from Alabama, was teamed up with newcomer to the ring, Jean Spangler, of Billings, Montana.

Miss Olsen's partner was cocky Carol Cook, a Texas.

Eight minutes and 40 seconds after the punching and hair pulling started, the "Alabama Assassin" scored the first fall with a Bouton Crib hold on Miss Olsen.

But the favorites came back at 18:20 when Jean Spangler, who acted like a country girl in the ninth, tied the score 3-3.

Miss Stewart by mistake and the little Texas pinned her with a body press.

Ellen Olsen and Carol Cook won the match when Miss Olsen floored the Alabama with a hynesaker after crawling under the ring. Miss Stewart tossed Ellen out of the ring and was taken by surprise from behind.

## POOR MAIN EVENT

The main event had little wrestling in it at all. Al Mills and Lou Newman spent most of their time pushing each other, and Mills acted like a scared rat throughout.

Although he won the match, Mills was supposedly at the mercy of his body press.

Mills won the first fall at 13:20 with a Japanese ambidextrous stretch. Newman scored the second with three back breakers and a body press at 6:20.

Then Mills was handed the deciding fall at 13:20 when referee Chick Thunderbolt pushed both grapplers to the ground and each scored a thunderclap ending up on top.

In the other event of the evening popular star Bill and Pat McGee fought a draw.

Last night's show was the last until September.

## Field Narrows

SASKATON, Sask. July 12—(CP)—The field of contenders for the Saskatchewan Amateur Golf Championship narrowed to eight today as quarter finals got underway at Riverside Golf and Country Club here.

The second round of the championship contest was played yesterday in rain and wind whipped the course.

Survivors included five local players.

Used should the Australians defeat the Canadians, they go on to meet the American team.

## Experienced Grocery Salesman

One of Canada's largest food Manufacturers requires an experienced representative for the province of Saskatchewan—to reside in Regina. Must know wholesale and retail outlets in that Province.

Salary \$3,000 per year to start—plus car and expenses. Young married man preferred. This position is vacant now.

Box Number 319 Bulletin.

## KIWANIS BENEFIT ON TAP TONIGHT

Dodgers and Eskimos will try all over again tonight providing Jupiter Fluvius doesn't steer a few more clouds over Edmonton.

Last night's Kiwanis benefit contest between the two Edmonton entries in the Big Four baseball league was postponed because of wet grounds. A regular league game between Buffaloes and Purdy in Calgary was also postponed.

All proceeds from tonight's game will go to help Kiwanis activities.

Monday night general manager Ken Samis announced Dodger were seeking the services of two pitchers. It was believed last night that Duke Baldwin may be one of the hurlers sought.

However it is not known if Baldwin has been released by Calgary Buffaloes.

Eddie Kapp will be seeking his ninth win of the season for Dodgers and his mound opponent may be Bob Peterson.

## Canada's Davis Cup Team Still Undecided

By Vic Morris, Jr.

MONTREAL, July 12—(CP)—Vancouver's Lorne Main and Montreal's Henri Rochon battled it out in a practice tennis match yesterday for the No. 2 singles spot on Canada's Davis cup team but after each had won a set the issue remained undecided.

No. 1 singles position on the team which will meet Australia in the American the here Friday; Saturday and Sunday will almost certainly go to Brendan Mackenzie.

The 27-year-old Montreale Monday defeated Rochon, top-ranking Canadian player, in three straight sets.

In last year's Davis cup matches with Australia he scored Canada's only victory.

Gordie MacNeil, Canada's non-playing captain, will not announce his two lead-off singles players until the draw tomorrow.

Main, who went four sets with Australian Billy Bowland in a singles match last year is a hot favorite with the gallery for the second singles spot.

The 26-year-old ambidextrous player nearly scored an upset victory over Bowland last winter in a match with Billy Taylor of the United States, the leading world player.

Rochon won the first of yesterday's practice 1-6 and Main came back to score a 6-4 victory in the second.

Main broke through repeatedly on Rochon's service while the second set was extremely close, effective against Main's offensive.

MacNeil said the boys to quit playing after the two sets.

Meanwhile, the Aussies went down in a strenuous session of doubles with veteran Jack Bromwich and Mervyn Rose against K. E. McGregor and George Worthington.

Worthington is set a member of the visiting team but may be the payoff.

Bonnie Tod won the first race of her career in the third and paid \$125 to win.

Eddie B, who established himself as the best two-year-old horse running at Lansdove when he smashed the track record for 4½ furlongs in the fourth.

Speed Kermida's Son of Vandyke ran in the distance in \$2.4 seconds, one-fifth of a second faster than the male led by Duke of Bruso July 3, 1967.

# HOT OFF THE GRID

## Ex-Argo Turno Joins Eskimos

By Dick Dedios

All the recent stories about dissenion in the Toronto Argonaut football camp are so much balderdash in the opinion of Don Durno.

The 28-year-old veteran sack disrupted the dissenion yarns last night, shortly after arriving in Edmonton for a season with the Eskimos, as playing line coach. Said the star (16-1-1, 235 pounds):

Ex-Angus: "The players thought Morris (coach) Fredrick Morris was busted up to the position of manager last fall didn't get square about it. I was in the same games last year but I won three Grey Cups before that."

Durne indicated that the trouble with the Toronto machine lay on the doorstep of the executive. President Bob Moran, particularly, hasn't been so popular with any of the players.

But whatever the trouble, it has caused a mass migration of Argonauts from Toronto to Edmonton. Besides, Durno has accumulated Bill Briggs, Doug Fryer, Mike King and Frank Morris from the Argo camp.

Durne drove into Edmonton yesterday, accompanied by his wife and three children. They will be quartered at Cooking Lake for the summer.

The Durno bargain includes (1944-45) Winnipeg Packer (1942), Toronto Indians (1941), Montreal Alouettes (1940) and Argonauts (1943-44).

Nate Shook, former Winnipeg Blue Bomper who lined up with the Eskimos for a short time last autumn, has been named coach of the Maple Leafs of the local junior league.

Meet the Leafs will be held tonight at their club rooms, as all boys interested in playing for the blazers are invited to attend.

Earl Ely, Manhattan Beach, California, is expected to visit the South Side juniors this season.

Considerable criticism has been directed toward Tom Cleary, leader of the local radio station, who has been pointed out by that source that Cleary's record in American professional ranks was a spotty one, and that he will be fortunate to make the Eskimo team this year.

But the University of Pennsylvania alumna and one-time member of the Honolulu Warriors is highly regarded by Edmonton Alouettes. Says his agent:

"I feel that Cleary will be a regular tackle in what is shaping up as the toughest line on the praire."

And Cleary, who is currently engaged in the operation of the Tullahoma Beach resort, says: "All I offer is a crack at making the club like anyone else."

This reporter has never seen Cleary in action on the gridiron. But if there's a few bucks floating around saying that he won't make the Eskimos, I'll cover some of 'em.

## Coronation Tops Lacombe

### CORONATION, July 12.—Coronation Mercuro, handed Lacombe a 1-0 defeat here recently in an exhibition baseball game.

## CHAMP FAVORITE AT 7-5

### Take LaMotta Defending Hoodoo Title Tonight

NEW YORK, July 12.—(UPI)—With a physician in his corner, unpopular Jake LaMotta of New York will attempt tonight his first defence of the world middleweight crown—the rings "dozen" classic—against handsome young Tiberto Miti of Italy, Europe's best 160-pounder.

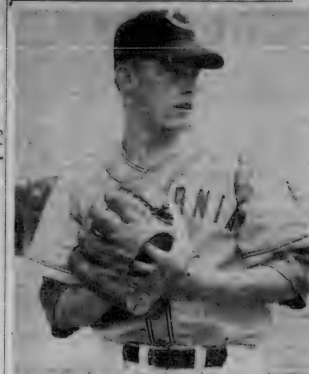

In the ring glare of Madison Square Garden's ring lights, squire, bulk-bulldozing LaMotta will try to keep the hoodoo title that brought bad luck and untimely death to Marcel Cerdan, Vince Dundee, Tiger Flowers, Harry Greb, Billy Pyle, Stanley Ketchel and Kip McCoy.

LaMotta was favored at 7-5 to be champion, because he is so rugged he never was knocked off his feet in 90 professional fights, and because he has a winning body attack that wears down most opponents.

But his personal physician, Dr. Filippo Brunori of the Bronx, will be in Jaleka corner during the "Bronze Bull," at 29, has gone through a difficult ordeal in his title fight to the 160-pound limit last year, and he is expected to win the title from the late Marcel Cerdan at Detroit, June 16, 1949, by a wide margin for his non-title bouts this year was 1949.

LaMotta's training. Also in the corner will be Al DiNapoli, a trainer imported from Las Vegas. "It's not for the 'measies' "

EDMONTON BULLETIN, Wednesday, July 12, 1950

PROBABLE hurler for California Mohawks when they play Edmonton Eskimos at Renfrew Park tomorrow night in an exhibition baseball game is Bud Watkins. The six-foot-four-inch right-hander is a San Mateo Junior College pitcher.

## Dodgers, Bosox Pose Problems

NEW YORK, July 12.—(UPI)—The major leagues swing into the second half of the 1950 season tomorrow, and the big question to be answered is whether the Boston Red Sox and Brooklyn Dodgers possibly bounce back?

Both of these clubs were rated as pennant favorites when the season got under way in mid-April. Both of them collapsed into fourth place at the midway point, and the reason in each case was the same—wretched pitching.

Now both are scrambling frantically to prop up their hurting status, but it may be too late.

RAID FARMS The Dodgers, instead, are in the better position to rebound — "only" four-and-a-half games behind the National League-leading Philadelphia Phillies, while the Red Sox trail the pace-making Detroit Tigers in the American by "slipping" eight games.

And Dodger president Branch Rickey, whose main worry in the spring was whether the Dodgers would win the world series — he is regarded the season as a surprise starting to reveal his private sorrow for pitching troubles.

The solution? Rec'd the farm team, Rickey's first grab two weeks ago was Al Esposito from Fort Worth. Landrum looked impressive in an exhibition against Montreal Monday night.

The Dodgers also hope they could start a starter in Ray Dalko, for three years a bullpen resident. He whipped the Phillies in the last game of the season, but he may be ready to join President Rickey and Don Newcombe as second baseman.

## Local Rink In Semi-Finals At Nelson

NELSON, B.C., July 12.—(UPI)—Three teams broke and a fourth from Portage, Wis., will settle in the finals of the Canadian summer curling championship of the sixth annual Bismarck-Hempel here.

Last night, A. Simpson of Burnaby, Alta., E. C. Thode of Saskatoon, J. A. Third of Portage and Jim Taylor of Portage wound up in the semi-finals of the event.

Simpson beat Johnny Franklin of Portage, Sask., 10-9; Taylor beat A. Waters of Nelson, B.C., 10-9; Thode beat Campbell of Portage, Sask., 10-9; and Third beat Hill, B.C., 10-9.

In the semi-finals today Simpson will meet Taylor, and Thode will meet Third. Final will be played tomorrow.

Meanwhile, Franklin, Thode and Norman Pavett of Portage, Sask., as a result of their defeat in the championship round, dropped into the second event, the Bismarck-Hempel.

## ACT Autospiel Scheduled Again

Second annual Associated Canadian Travellers auto biospiel will be held here October 10-November 4.

That was the word coming from carpool chairman Henry Polson, and his remarks commanded Ted Mairs last night. As last year, when Franchi D'Amore of Trail was the Automobiles, the net proceeds will go towards swelling the Northern Alberta Crippled Children's Fund.

Four cars will take the top prize, with combination radio sets going to the runners-up. To qualify for a shot at the car, a rink must enter the fours in any of the first three events. All rinks reaching the fours are automatically assured of receiving a prize.

A fourth rink to be known as the ACT—will be run off for rinks not reaching the fours in the first three events.

There will be no playoffs in the events this year, the prizes to be awarded according to the standing of the rinks in the round-robin playdowns for the first three events.

Gordon Hahab, talented draw maker from Orléans will be in charge of the draw.

Included among the entries received to date are Bert Holstein, Jasper, George Duncan, Grand Prairie, Don Linklater, Dawson Creek, B.C., Dr. Harry Jones, Peace River, Alta., Alouettes, Bill Filipski, Stettler, Allen Mathias, Calgary, Alan Hogg, Dr. H. B. Rasmussen, St. John's, Nfld., Harry Wootton, Frank Wolfe, Olan, Andes, B.C., Gray, Larry Hodgins, Coquitlam, B.C., ACT 2, all of Edmonton.

Saskatchewan rinks entered are Win Grant, Meadow Lake, Scotty McInnis, Nipawin and Al Turner, Cudworth.

Entry fee for the April is \$100 per rink and only 128 entrants will be accepted. Full accommodation will be provided upon request.

Entries may be mailed to ACT Biospiel Headquarters, 1030-10th Street, Edmonton.

RETAINS TITLE STOKES ON THIENT, England, July 12.—(UPI)—Bill Thompson, 13, last night retained his British light championship by outpointing Monty McDermott, 13, in a 10-round bout.

# SHOPPING GUIDE

## Nylon Newies Slated For 24-Hour Service

By Ben Thrift  
Nylon newie on Canadian markets is chalked up a success in eastern Canada... and said nylon just happens to be sheets and pillow cases in a rainbow assortment of colors.

Local stores are still wide-eyed and wondering about market here. Questions of prohibitive high prices "nuch will have to be answered before we will have a chance at the smooth, washable luvables.

New sheets and pillow cases are made of a flat-fate weave fabric, 100 per cent nylon and have all the durability that runs true to the nylon pattern.

If you're State-side travelling at holiday-time you might watch out for these luxury-luxes, too. They'll be selling at comparatively moderate prices there... and eastward in Canada.

Two other nylon items now available in same sectors of the country are shower curtains and luggage... if you please.

Shower curtains are made of lightweight twill which comes in a variety of colors and is a veritable bonanza to budget-wise housewives. However for this strong statement come with the disclaimer—washability won't.

I won't rot or wear evenly as the plastic or other versions are wont to do. It dries quickly and needs no special drip drap.

Nylon luggage is light, durable, strong and comes in sport duffel bag and valise styles.

Because the nylon used is self-proof the luggage maintains its new look even after constant, non-careful use.

Cases don't sell evenly but when they do they can be spotted off readily.

We'll watch for these locally and I'll do my very best to let you in on arrival dates... and possible prices, too.

## YOUR BABY AND MINE

### Right Diet Essential To All Expectant Mothers

By Myrtle Meyer Eldred  
The pregnancy diet is a subject that has been discussed both by doctors and laymen. But the knowledge has been that of the expectant mother.

It is generally agreed that a good diet is essential for the health of the mother and the baby. The diet should be rich in vitamins and minerals.

One of the most important vitamins is iron. Iron is essential for the production of red blood cells. A deficiency of iron can lead to anemia.

Another important vitamin is calcium. Calcium is essential for the development of the baby's bones and teeth. A deficiency of calcium can lead to rickets.

It is also important to get enough rest and exercise. A pregnant woman should avoid heavy lifting and strenuous activities.

Finally, it is important to get regular medical check-ups. This will help the doctor to monitor the progress of the pregnancy and to detect any problems early.

By following these guidelines, an expectant mother can help to ensure a healthy pregnancy and a healthy baby.

Household Arts  
By Alice Brooks  
The new book "Household Arts" is a comprehensive guide to home management. It covers everything from budgeting to cooking.

The book is written in a clear, concise style and is easy to read. It is a must-have for every woman in the home.

Wake up your liver bile—this is the message from the new book "Wake Up Your Liver Bile". It explains the importance of a healthy liver and how to keep it that way.

The book is written by a leading expert on liver health and is a must-read for anyone who wants to improve their health.

SOCIAL WORK is a good field for vocational opportunity.

## WHY GROW OLD

Worthwhile Activity Will End Boredom

By Josephine Lowman  
In a newspaper not long ago I saw the story of a woman who is now 90 years old and who still goes to her office job regularly.

The woman in question was 70 when she started her job. She has been working for the same company ever since.

She has never been bored. She has always found her work interesting and challenging.

She has also found that her work has helped her to stay healthy and active.

She has also found that her work has helped her to stay young at heart.

She has also found that her work has helped her to stay happy.

She has also found that her work has helped her to stay successful.

She has also found that her work has helped her to stay loved.

She has also found that her work has helped her to stay respected.

She has also found that her work has helped her to stay admired.

She has also found that her work has helped her to stay appreciated.

She has also found that her work has helped her to stay valued.

She has also found that her work has helped her to stay cherished.

She has also found that her work has helped her to stay treasured.

She has also found that her work has helped her to stay loved and admired.

She has also found that her work has helped her to stay happy and successful.

## Ten Thousand Greeks Made Historic March

No tale is more famous in Greek history than the memorable "March of the Ten Thousand." This is a true story of an army of soldiers who marched for weeks through enemy territory to reach their homeland.

In 401 B.C., Cyrus, son of Darius, made war against his father-in-law, Artaxerxes, in Persia, and secured the aid of about thirteen thousand Greeks, who marched with the rest of the army into Persia. But Cyrus was defeated and slain, and the army found themselves stranded in a strange and unfriendly land.

**OFFICERS KILLED**

The Greek generals tried to make agreements with the Persians, but were treachered and killed. So the army found themselves looking most of the officers. As the men camped in despair, a leader was found.

He was Xenophon, an Athenian Knight, who volunteered to lead the men back to Greece.

So the 13 thousand soldiers set out on the long and perilous journey. All spare equipment was burned in order to leave as many hands as possible ready for action. Their course was marked out, as they could travel to the edge of the Black Sea.

**CAUGHT BY ENEMY**

After crossing a broad river, they were attacked by slingers and mounted bowmen, who caught the army unprepared and inflicted heavy damage before they were driven off. From there they traveled to the land of the Scythians, where the savage nomads dwelled.

So as not to be caught in the confines of the valleys, the army traveled through the region with incredible swiftness before the enemy was aware of their presence. They left the hill country they entered Armenia, where they crossed the wild plains in the cold winter.

Then they crossed the happylands River near its source and fought Alaska.

James Walker

## Legionnaire Design For Canadian Flag

MONTREAL, (C.P.)—The 6th Hussars branch of the Canadian Legion here has come up with a design for a Canadian flag to be submitted to the Dominion Legion convention this fall.

The design, by George J. McMahon, of Montreal, retains the Union Jack in the upper left-hand corner, the four white stars, forming a cross, in the center, and a large red maple leaf in the lower right-hand corner.

The good watered, waving areas in the bottom produce as many or more waterfowl per square mile than are produced in similar areas in Canada and River near its source and fought Alaska.

## Uncle Wiggily's Bedtime Story

Uncle Wiggily began and Uncle Wiggily thought of something else. Butler stood on the shore of Frow to help make his master's fortune.

"Before you row back home," one day, I rubbed out just as the said Uncle Wiggily, "please tell us, 'Puss in Boots,' why you ran away from the Marquis of Carabas." "I was in a story written many years ago, by Charles Perrault. But perhaps some of you have forgotten."

"Once upon a time there was a poor miller who ground corn and in new clothes. I had hidden his wheat in his mill. He had three old ones. The King was very much to one son, after the great pleased with the Marquis of Carabas, and when the old to work, the miller gave him. They often went riding in the mill. To another son the miller gave a donkey. But to the third and youngest son all the miller had to give was me—the miller cat."

"Was the youngest son glad to could turn himself into any animal get you?" asked Uncle Wiggily. "No, at first," answered Puss in Boots, "he did not. He chased a smart cat I am. So I told my master the king came riding by, I crept the youngest son, that if he in a loud voice: 'Welcome, Your would give me a pair of boots. Majesty to the castle of the Marquis I could run around and not get caught.'"

"The King was very pleased. The Marquis married the King's daughter. But when I wanted to shoot fire in the west rooming about the castle, I didn't care. I was lonely. I thought the King and the Marquis would be the castle would be. So I took my little because they might awaken the King. He did not know what his little was. I ran away and came to Majesty. He asked me who had this island. Now I have no more sons, and I made up a new firecracker left, so I am going to give you a pair of boots. Tomorrow I will tell you more."

Marquis of Carabas and told the if the three-and-four-store wall King the Marquis had sent the please give a ten-cent lollipop to good things.

"His Majesty was very pleased, his way to school."

# COWBOY LOU PLAYS BATMAN FOR HAWRELAK

Alt. Bill Hawrelak has found a perfect cost checking service—in Prime Minister "Cowboy" Lou St. Laurent.

When Calgaritan insisted on decking Alt. Hawrelak out in jousting hat and mounting him on a horse for the Stampede parade Monday, Edmonton's official representative found his cost surplus.

At parade's end, Alt. Hawrelak found himself a black and white man in his coat.

After an anxious hour or so wondering what happened to the cost, Alt. Hawrelak went to a dinner function.

Sure enough, the coat showed up, thoughtfully carried on the arm of Canada's prime minister.

After an anxious hour or so wondering what happened to the cost, Alt. Hawrelak went to a dinner function.

# Writer Compares Korea To Pearl Harbor, Wake

Another American retreat in Korea was announced today. What is the reason for this and other American setbacks? Here is the answer as seen from Gen. Douglas MacArthur's headquarters in Tokyo by a United Press correspondent who covered much of Pacific campaign during the Second World War.

By Frank Tremaine  
Exclusive to the Bulletin

TOKYO, July 12.—(UPI)—If you find it hard to understand the American setbacks in Korea, think back to Pearl Harbor, Iatanan and Wake Island in the early days of the Second World War.

It is the same story all over again. Too few men and too little equipment.

That, in a nutshell, is why a tiny Communist nation has been able to kick around the greatest industrial nation in the world and its fighting men.

Gen. Douglas MacArthur had to throw into the breach what he had on hand in Japan.

ONLY HANDFUL  
That was only a handful of American infantry, some equipment, American tanks and inadequate artillery and anti-tank weapons.

Opposing them are 15 North Korean divisions totaling 150,000 men. Another 150,000 men in reserve, and as good as any we have ever counted.

The Red troops have been able to infiltrate our lines because of the Pacific front in World War II from Guadalcanal in Tokyo said.

# Beaten Americans Bitter Against Futility Of Stand

## Top Scouts Attend Camp

A leadership training camp at Prince Albert, Sask., will be attended by 21 Alberta Boy Scout leaders from July 31.

The camp will be held in two sections, for cubmasters from July 31 to Aug. 5, and scoutmasters from Aug. 5 to Aug. 15.

Scout leaders from the three prairie provinces will be present at the camp, which will be under the direction of L. L. Johnson, Ottawa.

Leaders attending from Edmonton district are: Roger A. North, 1246 - 127 street; V. A. Crawford, Carleton Place; Thomas G. Davis, Hillier; R. A. Shortt, 1880 - 50 street; T. M. Bennett, Vegreville; Keith Henne, Owendale; and L. Ashker, Devon.

Typhoid Claims Elk Point Youth

Typhoid fever cases in Alberta were reported today by provincial health authorities. One death has occurred at Elk Point.

Victim was a 16-year-old Indian youth from the Saddle Lake reserve, who was working in the Elk Point district.

Three other persons who were with the same work party were reported ill with the disease.

As many other members of the group as it was possible to contact were immunized against typhoid by health authorities in the district.

Two days ago the battle began two days ago when the unit pushed off to it.

With the same work party were reported ill with the disease.

WITH AMERICAN FORCES IN KOREA, July 12.—(AP)—A bitter, beaten little band of American soldiers (sprawled) in exhaustion on a sunny Korean hillside this afternoon—wearily survivors of one of the most savage battles fought by Americans in the Korean war.

Their bitterness was more pronounced than their exhaustion, which was almost complete. They another American outfit. The unit talked of entrenchments and infiltration.

A grimy, bewhiskered, blood-shot officer grunted his teeth: "You don't fight two tank-equipped divisions with 30 calibre carbines. I never saw such a useless damned war in all my life."

Two days ago this handful of soldiers was part of a sizeable unit in a morning-long battle with North Korean tanks and troops yesterday they were whittled down.

Many of the original group still are in the hills after a plunging rush from their entrenched positions. But many of them—wounded and dead alike—are in North Korean hands or territory.

The battle began two days ago when the unit pushed off to it.

With the same work party were reported ill with the disease.

As many other members of the group as it was possible to contact were immunized against typhoid by health authorities in the district.
